U.S. Patent and Trademark Office PTOL-303 (Rev. 11-03) Continuation of 5. does NOT place the application in condition for allowance because: Applicant's argued that the claim limitation "interval determined by strength of claim" included in each of the rejected claims is not taught or suggested by Singh or Buchanan. Examiner respectfully disagreed since Buchanan clearly discloses interval (keep alive timer times out, within the keep alive timer period) determined by strength of claim (if the leader sending a keep alive message before the timer expires, the current leader has the most strength of claim; col. 6, lines 34-36; however, if the leader fails to send a keep alive message within the timer period, the leader does not have any strength of claim and another candidates have more priority than the failed leader, then new leader is elected based on the strength of claim; col. 6, lines 37-39; col. 4, lines 42-49).
